What Make Us Special?

Water Saving

For Siphon Jet the full flush is 4.8 liter water, half flush is 2.4 liter water.

Comfort Size

More comfortable for many people and easier on backs and knees.

Easy Clean

Smooth and soft surface is ease of cleaning and perfect flow of water.

Dual Flush

It feature perfect flushing even at low water pressure (1.5kgf/cm², 20L/min) with considerable water saving of 4.5L for small flush and 6.0L for full flush.

Wash Down

In wash down toilets, waste is simply "pushed" by free flowing water out of the trapway

Tornado / Suction Siphon Jet

It flushes waste with small water by high pressure from jet nozzle, Tornado flushing. It features perfect flushing by Siphon water jet with small water.

Soft Close / Easy Clip

The seat and lid utilize a soft close hinge system, which lowers the seat down to the bowl gently and quietly.

Rim Free

Don't have to think or worry about those little microbes. Cleaning your bathroom just got much simpler with rim free toilets.

Easy Install

Easy Fitting

Ikram Certificate
